

Servit  
Logistics  
INTERNATIONAL

# CORPORATE CONCEPT

We manage the flow of goods and material for you with efficient global distribution systems, whether land, sea or air. Servit Logistics has world class consignment tracking and tracing. We give our customers complete transparency all through the process .

# SERVICES

- Customs/ Cargo Clearance (All Imports and Exports) –Air, Sea, Road and Rail.
- Freight forwarding/Shipping Services; - Air, Sea, Road and Rail.
- Warehousing Services – All categories,-Customs bonded, Cold, General etc.
- Motor Vehicle Importation Services- Japan, UK , Singapore and others on request
- NGO Expatriate services-Processing of exemptions, Pin & DL Processing
- and many other Logistics Support Services.

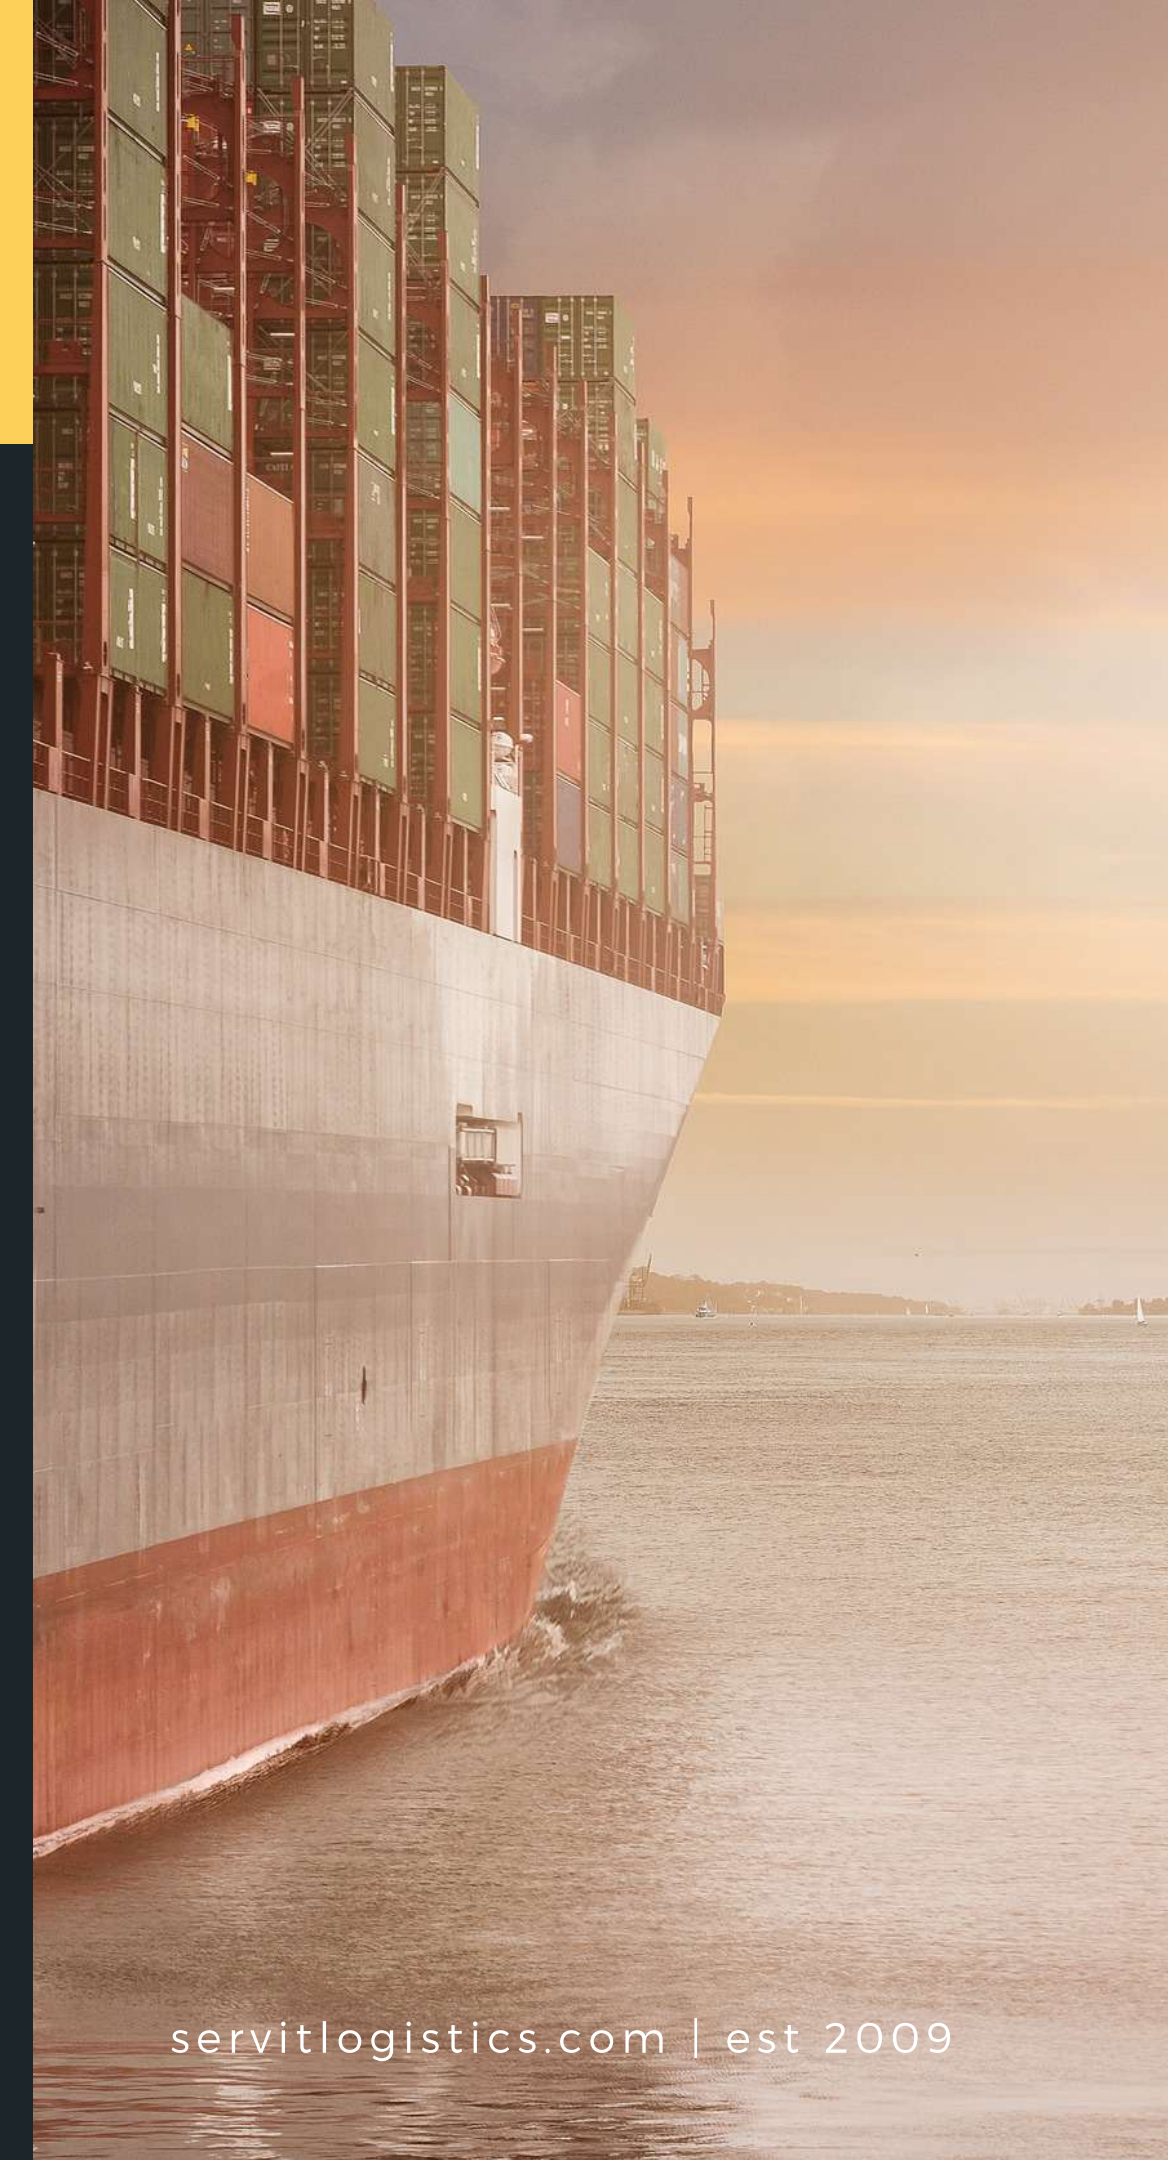

# Customs/ Cargo Clearance (All Imports & Exports) Air, Sea, Road and Rail.

It's our job to take care of all your customs procedures, completing necessary declarations on your behalf – including getting the correct tariffs and codes - allowing quick and efficient clearance of air, sea, rail/ inter-modal and trailer shipments. We engage with your remote import procedures - including the export documentation from the country of origin - because we build relationships with your suppliers ensuring you a hassle free import service from anywhere to anywhere.

# Freight Forwarding/ Shipping Services; Air, Sea, Road and Rail.

Whatever origin, frequency or delivery timescales - wouldn't it be nice to talk to someone who knows how to remove the hidden costs, take a look at what you're spending, where, and highlight if you could be paying less? Hidden costs are difficult to spot unless you're an expert

# Warehousing Services

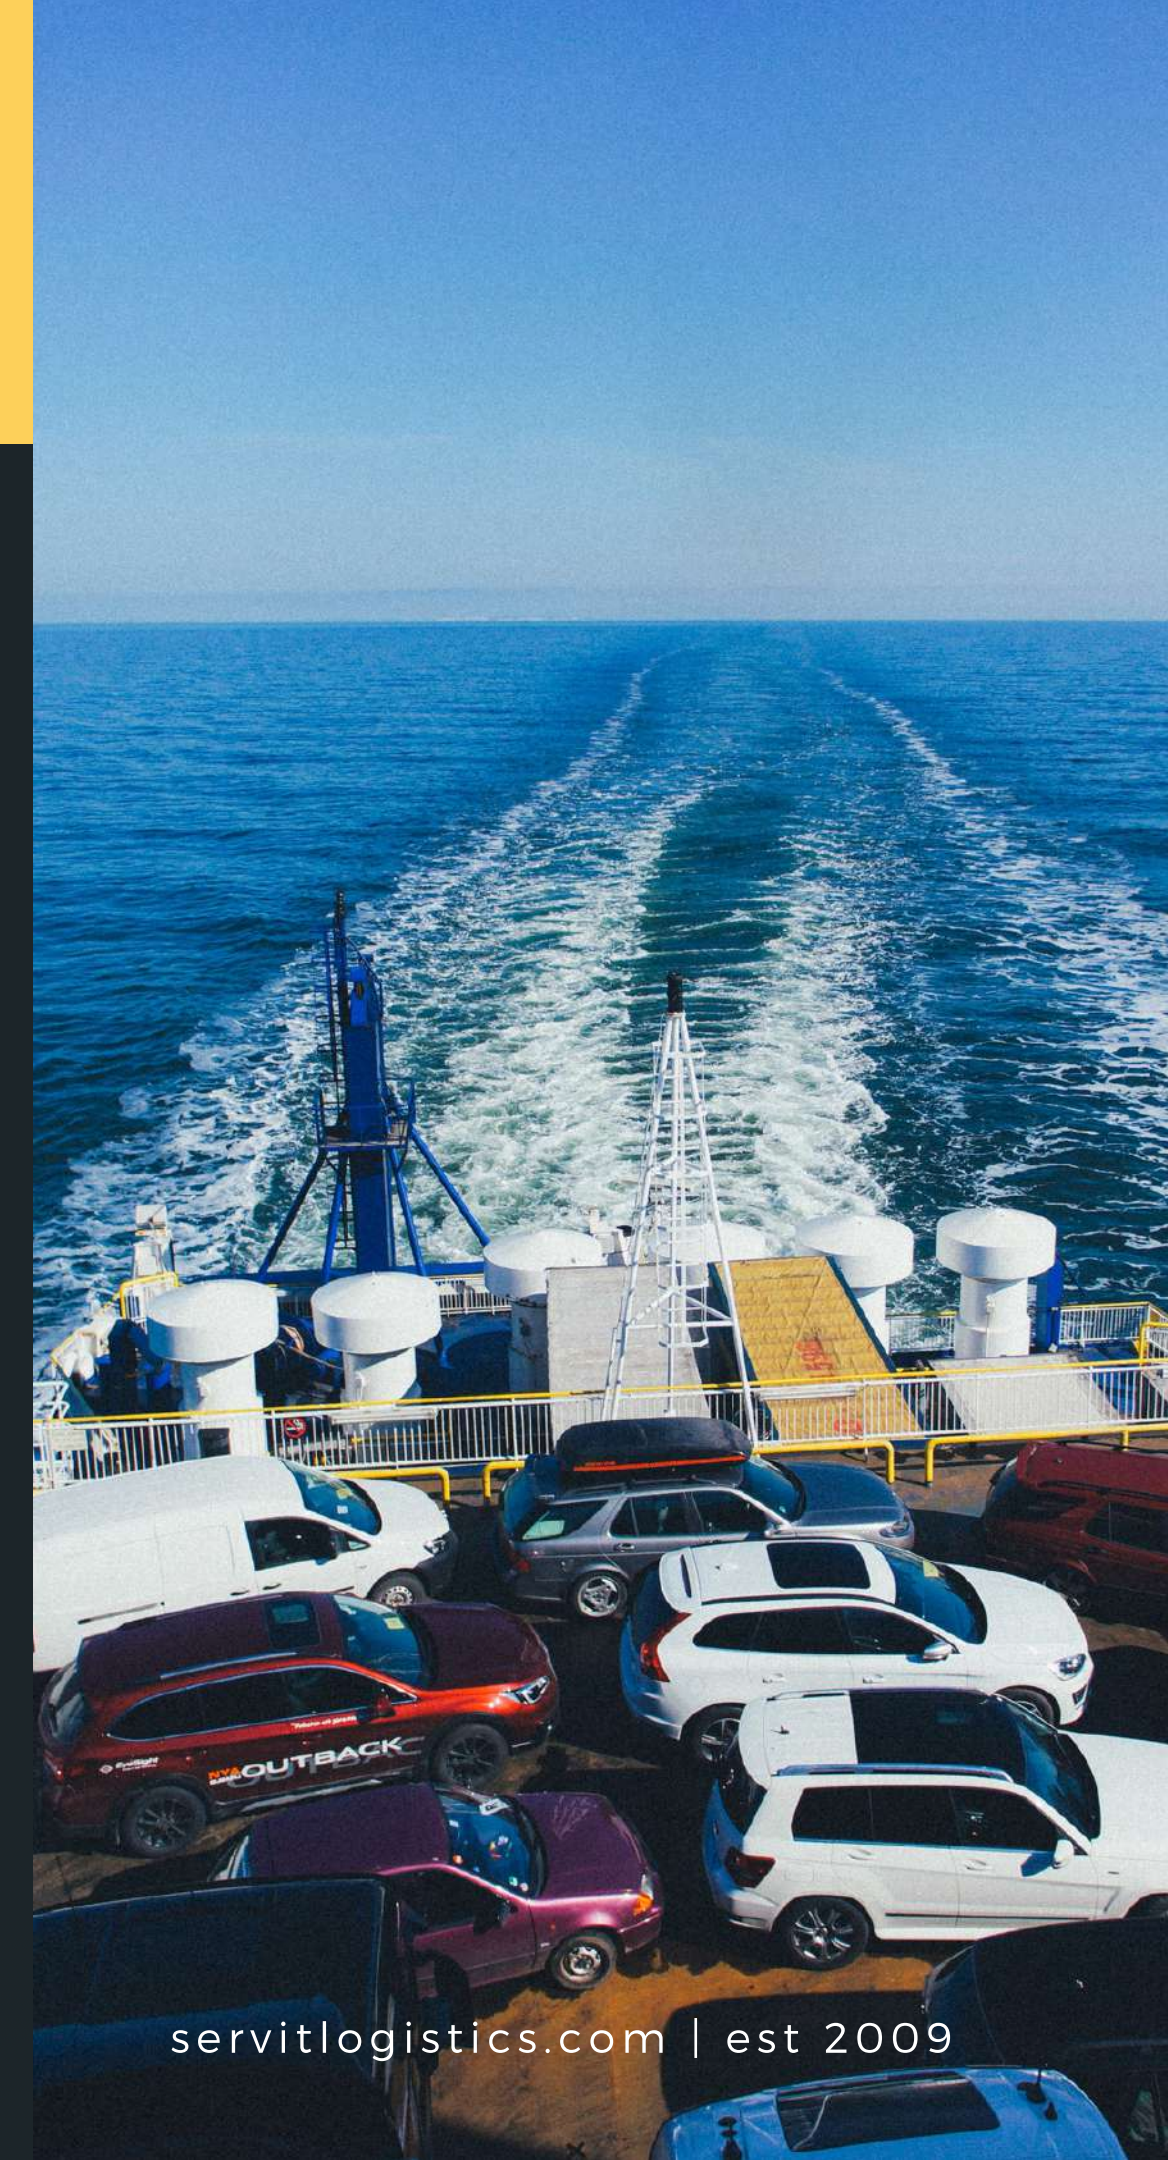

## Customs bonded, Cold, General etc.

Storage on pallets and cases are among the most efficient and cost-effective methods of storing items. You only pay for the number of pallet storage positions or cases you occupy in any week and do not have to commit to a given area or have the additional overheads that can come with managing your own building.

# Motor Vehicle Importation Services Japan, UK , Singapore & others on request

We offer a range of shipping methods such as Roll on Roll off, Container Vehicle Shipping and Airfreight. We always advise our clients on the best choice striving to meet their time lines, needs and budget. Get your dream car to your doorstep with Servit Logistics

# NGO Expatriate Services-Processing of exemptions, Pin & DL Processing

Leveraging the experience, global reach and local connections of one of the world's largest insurance and financial services groups, we can provide expatriate services and support you around the clock, wherever your teams are active. From pre-travel assessments right through to emergency evacuations, all of our services are supported by a dedicated, experienced team and accessed through a single point of contact

**MISSION**

**To provide exceptional  
and professional logistics  
management services  
worldwide**

# Warehouse Logistics & Management

We manage inventory in real time, with data as existing as the latest order, shipment, or receipt and any movement in between.

# Transport Logistics

With our robust network of transport carriers, you are guaranteed your goods will reach their destination without incident.

## PROCUREMENT LOGISTICS

We deal with all logistic tasks concerning the flow of goods, preparation, execution and monitoring from supplier to recipient.

## OUTBOUND LOGISTICS

We do out bound logistics and ensure the delivery of the package to the various markets.

# Supply Chain Management (scm)

Servit Logistics International Supply chain management offers a broad range of solutions from planning, control to execution of goods from production through distribution to the final customer, in the most streamlined and cost-effective way possible.

# Air and Sea freight

## AIR FREIGHT

- Import and export services
- Customs declarations and settlement of all clearance formalities
- Door to door/ door to airport/ airport to airport /airport to door from and to every location
- Express or economy conditions

## SEA FREIGHT

Our sea freight services include LCL (less than container load) consolidations and full container loads. We also handle break bulk cargo, conventional cargo, heavy lift and over sized cargo as well as temperature sensitive cargo. Part of our sea freight solutions include complete inland transit solutions.

A photograph showing two business professionals in a meeting. A woman in a dark blazer and white patterned top is on the left, and a man in a dark suit and tie is on the right. They are both looking at a laptop screen. The background is dark and out of focus.

# Logistic Consulting

Servit Logistics has many years of experience in handling all kinds of unique project cargoes, from timber logs in bulk for upcountry distribution to a multitude of site tools and equipment.

Services here include:

- Molding your needs into definite projects
- Support for planning and adjustment of your in house IT
- Systematic quality control

# Value Added Services

With us you are always in good hands. In addition to transportation services and professional warehousing, we offer a variety of value added services like packaging, labeling, finishing and many more.
